

Form: Volunteer Data Sheet

Thank you so much for your interest in volunteering for the Recycled AIDS Medicine Program. RAMP has been working since 1997 to collect unused HIV medications and provide them to clinics in the developing world that do not have access to these life saving drugs.

While we support nearly 1000 patients worldwide with medications that might otherwise get thrown away, there is still a great deal of work to do in getting word out about our program to the larger community. Volunteers are an essential part of helping RAMP to achieve its goals. We are thrilled that you are interested in becoming a part of our organization by devoting your time and energy.

RAMP volunteers are willing to be on call to help our Board of Directors get word out about recycled medications by engaging in flyer distribution and fundraising at key events in the community throughout the year. Our volunteers are willing to devote a few hours a month toward helping us save lives. Our Volunteer Coordinator, in consultation with the Board of Directors, will inform volunteers about opportunities to join in the important work of our organization and solicit your participation.

Please fill out the following information to let us know how you would like to be involved. Thank you so very much for your interest. We look forward to working with you!

Interests

Name _____

Why do you want to volunteer for RAMP?

Address _____

City, State, ZIP _____
